Start the New Year...Safely

Are you finding yourself overloaded with old documents and records? Let us help you get rid of them in a safe manner that protects your personal and private information. Place the items you wish to shred in a sealed box or non-see through garbage bag then call 217.477.4428 and let us know when you will be dropping it off. We have a third party shred service that shreds on site monthly. This is a **FREE** service!

NEW ADDRESS OR PHONE?

It is very important to inform the Credit Union any time you update your phone number or change your address. Failing to do so may lead to your account being closed. It is a quick change on our end, please don't forget!

Gas Stations And Holds...

When you use your Debit Card to purchase gas, the gas station will put a hold on your account. The gas station does this in order to guarantee that they receive payment for the transaction. The amount of the hold varies anywhere from \$1.00 to \$100.00. This can cause problems if the card is used again and there is not enough of a balance in the account. These holds put on the account by the merchant last for 2 hours in most cases. Check your balance with our online banking, or contact us directly if you encounter any problems.

CAUTION

If you get an email asking for personal or financial information, don't click on the link and don't reply. Credit unions, credit card companies and other businesses will never ask you to verify personal information via email. Forward the message to spam@uce.gov and to the organization that's being impersonated. You should review your statements regularly to ensure there aren't any unauthorized charges.

REMINDER

CUNA MUTUAL AMERICAN LIFE INCOME LIFE (AIL)

Have you received mailings from CUNA Mutual and American Income Life (AIL)?

These two companies send occasional solicitations to our members asking for them to return a beneficiary card

THIS IS NOT NECESSARY

No response is required since they are group policies.

You do not have to allow anyone to come to your home to talk to you about these ACCIDENTAL DEATH policies.

Traveling with your Debit Card

The Credit Union has good news for you. You can now request a different pin number by calling the Credit Union and we can change it, within minutes, to any 4 digit number you wish. And yes, you and your spouse can have the same pin number. Just a reminder, before you travel, contact the Credit Union so we can alert the debit card company to prevent your out of town transactions from being denied.

Thank you
